

Dear Parents/Carers,

Albanvale Primary School is looking forward to another great year of teaching and learning and would like to advise you of *Albanvale's* voluntary financial contributions for *next year*.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for each student.

Within our school parent contributions has allowed us to provide *special curriculum experiences; enhance digital learning opportunities, wellbeing supports and provide students with access to digital devices at school and home.*

Book packs inclusive of learning materials and student diaries are part of the financial contributions, avoiding the need for families to order materials separately. Your contribution ensures every student is ready for learning at school, every day

For further information on the Department's Parent Payments Policy please see a one-page overview attached. We want to thank you for all you support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.
